Notes

1. Percentages are for respondents who 'definitely' or 'mostly' agreed with question 22, 'Overall, I
2. Where a results is not shown, either the institution did not take part in the survey in that year, or their results were below the 50% response rate or less than 23 students responded.
3. All Open University students are included under England.
4. All NHS students are excluded.
5. Comparisons between years should be made with caution because the profile of the respondents will differ and this has not been adjusted for.
6. For 2008, students registered at English HEIs but taught at FECs are now reported against the FEC itself. In previous years students were reported at their registering institution.
7. Guidhall School of Music and Drama, Heythrop College and Liverpool Institute for Performing Arts are new institutions and do not have any data prior to 2008.
