- Major review in 2005/06
- Full specification published 2006-07-31
- Reporting period begins 2007-08-01
- Collection opens 2008-08-01

2007/08 Student Record

- Data model
- XML
- Major update of fields and coding frames
 - including relevant MIAP data standards
- A new approach to documentation

2007/08 Student Record

- A new approach to validation
 - Framework update
- Early system
 - EntryProfile checking
 - COMMIT-stage validation
- Stability in documentation and validation
- Full collection this autumn
- Post-implementation review

2008/09 Student Record

- Welsh for Adults reduced return
- No other changes planned

Future Student Record

- Current thinking is to make minor changes in 2009/10, resulting from the 2007/08 review...
- ...and attempt to hold off any more significant change until 2010/11

"Events, dear boy. Events"

JACS

- Joint HESA/UCAS system
- HESA Student, ITT and Staff records
- JACS v2 implemented for 2007/08
- JACS v3 project underway
 - Consultation in 2009
- Implementation in 2012/13
 - UCAS use in 2010
