**Cash expenditure report for the period April 2014 to March 2015 and update on financial year 2015-16**

Agenda: 22  
**HEFCW/15/68**

Disclosable

**03/07/2015**

---

**1 Issue**

- 1.1 This paper informs Council of the financial monitoring of programme and running costs cash expenditure for the period April 2014 to March 2015 and provides an update for the financial year, April 2015 to March 2016.

**2 Corporate Planning Implications / Rationale for paper**

- 2.1 THEFCW's Framework Document with the Welsh Government (WG) places a requirement upon HEFCW to maintain financial and management accounting systems to enable a full review of costs and cash flow to be prepared against agreed budgets. This review is carried out and reported to Council quarterly.

**3 Recommendations**

- 3.1 The Council is invited to:
- i. note the fourth and final progress report on actual performance against cash profile for the 2014-15 financial year, and,
  - ii. note the updated report on the 2015-16 financial year.

**4 Timing for decisions**

- 4.1 The Council is not required to make any decision as this paper is for information purposes only.

**5 Council members' interests**

- 5.1 No conflicts of interests have been declared in advance of the meeting.

**6 Further information**

- 6.1 Contact Nick Williams (029 2068 2299; [nick.williams@hefcw.ac.uk](mailto:nick.williams@hefcw.ac.uk))

## **7 Programme 2014-15**

- 7.1 Programme funds cash expenditure between April 2014 and March 2015 was £378.3m which was £17.9m or 5 percent higher than the projected cash expenditure of £360.4m. The over-spend was in Public Investment Funds and QR as funds available within the Academic Year were brought forward into Financial Year 2014-15 in order to stay within the permitted year-end cash threshold.

## **8 Running Costs 2014-15**

- 8.1 The cash spend in FY 2014-15 was £2,524k which was £150k or 5.6 percent lower than the previous re-profile with the under-spend primarily in the areas of IT, service costs and staff costs. The under-spend is regarded as committed funds and has been carried forward into FY 2015-16. The outcome is that the actual cash balance held at 31 March 2015 was £1,310k which was £137k higher than the £1,173k noted in the previous re-profiling exercise. The cash figure included adjustments to reflect the receipt of £17.7k from WEFO, and £2.5k from Jobs Growth Wales, as a contribution to overheads.

## **9 Financial year 2014-15 closing cash balance**

- 9.1 The total closing cash balance at 31 March 2015 was £4.1m and was affected by the decision to bring forward into March 2015 some payments that had originally been profiled for later in Academic Year 2014/15.

## **10 Transfers from Programme Budget to Running Costs 2015-16**

- 10.1 HEFCW continues to transfer £250k of Programme funds to Running Costs in 2015-16 in relation to activities that are associated with HEFCW's delivery of some programme initiatives.
- 10.2 HEFCW submits claims to WEFO as a result of expenditure on European projects. A proportion of the income received is transferred to Running Costs as a contribution to overheads and the estimated transfer in FY 2015-16 is £19k.

## **11 Programme 2015-16**

- 11.1 The grant-in-aid available from WG in 2015-16 is £122.7m which is significantly lower than the prior year due to the new arrangements for the payment of Fee Grant whereby the payment is made directly from WG rather than through HEFCW. The budget figures are not yet confirmed as the exact amount of the transfer for Fee Grant will not be confirmed until the end of the year. In addition, £330k is available for CCC Scholarships.
- 11.2 It should be noted that this figure may change at the end of the financial year due to the application of the 'netting off' adjustment of the receipts figure of £2.8m, which could result in additional programme funds being available to HEFCW, where actual receipts for the year are lower than £2.8m, although the sum is not likely to be significant.
- 11.3 Other income is estimated at £11.4m in 2015-16. £7.4m flows from DBIS and WG match funds and the income directly matches the financial year cash spend and if the income was not received then the expenditure would not be defrayed. £3.3m

relates to WEFO income for the Convergence Project and £0.7m from WG for the Jobs Growth Wales project. In both of these cases this income is reimbursement of expenditure already defrayed by HEFCW.

11.4 The estimated total funds available in FY 2015-16 is £134.5m.

11.5 In April 2015 Budget holders undertook a re-profiling exercise and the latest projection is cash expenditure on programme funds of £136.6m in 2015-16. This is lower than the original profile although it should be noted that the setting of the Academic Year 2015/16 budget had been delayed and this, in turn, affected the projections of FY cash spend in 2015-16. The cash expenditure profile includes programme and other income areas as identified above.

## **12 Running Costs 2015-16**

12.1 The grant-in-aid available from WG is £2,768k which is the same as the prior year.

12.2 In April 2015 a re-profile of projected cash expenditure was completed which indicated Running Costs cash expenditure of £3,028k in 2015-16 which is higher than the original profile by £177k or 6.2 percent. The majority of this revised spend flows from committed but unspent funds that have been carried forward into FY 2015-16 from the prior year. The expected cash spend figure of £3,028k is after the transfer of £250k from programme funds to running costs.

12.3 As a result of the April re-profiling exercise the estimated cash balance for the end of 2015-16 is now £1,048k which is £83k higher than the previous original profile of £965k. The estimated cash figure includes adjustments to allow for the receipt of £19k from WEFO as a contribution to overheads.

## **13 Financial year 2015-16 cash balance**

13.1 The estimated closing cash balance for 2015-16 is £1.7m. This equates to 1.37 percent of the total funds available and is within the current carry forward limit set by WG.

## **14 Payment days**

14.1 HEFCW is operating under the WG target to pay suppliers of goods and services within ten working days of receiving a valid invoice. In 2014-15 HEFCW paid 96.5 percent of invoices within ten working days, with an average payment time of 1.68 days. Prior year comparator is 96.6 percent and an average of 1.88 days.

## **15 HEFCW's WGSB Framework document**

15.1 HEFCW's Framework Document with WG (Annex 4, section 2) states that a profile of net monthly expenditure for the whole year needs to be submitted by HEFCW and agreed by WG. The profile may be updated at any time in the year with the agreement of HEFCW's Council (delegated to the CEO) and WG. Approval from WG is obtained through the submission and approval by WG of the monthly Grant-in-Aid claim forms together with updated supporting monthly profiles.

15.2 The original profile is noted below.

<b>FY 2015-16</b>	<b>Original Profile</b>
April	£ 9,357,736
May	£ 3,500,000
June	£ 5,500,000
July	£ 642,264
August	£ 19,000,000
September	£ 16,500,000
October	£ 14,000,000
November	£ 13,500,000
December	£ 13,500,000
January	£ 13,500,000
February	£ 13,000,000
March	£ 3,481,000
<b>Total</b>	<b>£ 125,481,000</b>

## **16 Financial implications**

- 16.1 This paper notes that the WG cash threshold target of two percent of total funds available, is not forecast to be exceeded.
- 16.2 Throughout the financial year officers monitor the cash flow estimate for the end of the financial year to ensure that the maximum threshold set by WG is not breached.

## **17 Communications implications**

- 17.1 This report has no communications implications as it is an internal report on HEFCW's Programme and running costs funds for the current financial year.

## **18 Diversity and Equal Opportunities implications**

- 18.1 This paper has no implications for age, disability, marital/civil partnership, maternity/pregnancy, race, religion or belief, sex, sexual orientation, any other protected characteristic or the Welsh language.

## **19 Risk Assessment**

- 19.1 Details of any identified risks, current or future, arising from the issues covered by the paper. Generally two levels of risk that should be considered:

<b>Risk</b>	<b>Action to address risk</b>
HEFCW might exceed its maximum permitted cash balance.	If necessary, officers will bring forward proposals for additional expenditure which will enable HEFCW to remain within the maximum permitted cash balance.
